PITTSBURG NEWSPAPER CONFIRMS MAIL STORY

Gazette Times Says Frick Company Will Open New Field

WORK ON PIGEON CREEK

Gradual Movement Away From Connellsville Towards the Monongahela Valley

In confirmation the Mail's reports of the movements of Frick Coke company in this section and the probable object which were the first to appear in any of the newspapers, the Pittsburgh Gazette Times prints the following this morning:

What are said to be the first steps to be taken by the Frick Coke Company in its slow but sure movement out of the Connellsville region for extending the Steel Corporation coke facilities, is now under way in Washington county, in what is known as the southwest end of the gas coal basin, and extending into Pigeon creek district of that county. Engineers are busy making surveys along this property lying back of Monongahela and Charleroi and are placing the dividing lines between it and the properties of the Jones & Laughlin Steel Company, Lackawanna Steel Company and the Pittsburgh and Westmoreland Coal Company lands.

Following the completion of this survey, it is expected that the Frick Coke Company will begin constructing new coke ovens, the number of which will run into thousands. The coal lands in question are a part of the purchase made recently from the Monongahela River Consolidated Coal and Coke Company, and according to the statements of the officials of the Frick Coke Company the coal secured is in many respects superior to the old Connellsville basin coal, that has for years been the most prized coke supply of the Steel Corporation.

Going Into Famous Region.

This property will be capable of producing coke for many years to come as there are between 9,000 and 10,000 acres available for this purpose. It is in the center of one of the most famous coking coal activities of the present time, as it is all taken up by steel companies with the exception of the Pittsburgh and Westmoreland Company, which was the pioneer in that field. Engineers of the Pittsburgh and Westmoreland Company and the Frick Coke Company yesterday were working together on the land to establish property lines. The survey work is expected to be completed before the late fall. It will then be placed in the hands of the operating department of the Frick company for the building of ovens.

According to the statements made yesterday, this property will be the first of the recent purchase of the Steel Corporation from the Pittsburgh Coal Company and river interests to be developed. Upwards of \$3,000,000 will be required for opening new mines and construction of coke ovens and mining towns all of which will give employment to many

(Continued on Second Page).

Copper Plates as Neutralizer

Rivermen Advocate New Kind of Boilers to Prevent Destruction by Acid

Experienced rivermen are advocating the use of copper boilers on river craft to overcome the heavy expense in making repairs to boilers on steam boats, the result of the acid in the streams, noticed particularly during the low water season. Now the Monongahela river water is greatly diluted with acid and heavy damage is the result. The acid in the water puts the boilers out of commission in a short time, and counting the loss of time, entails a considerable expense to boat owners. A number of alleged preventives have been tried, but nothing has been brought out so far, rivermen say, that will resist the action of the acid on the steel plates. Advocates of copper plates for boilers and steam pipes claim that the action of the acid will be neutralized and possibly overcome.

LONE PINE REGION IS MUCH EXCITED

New Gas Wells Are Opened and Business Boom is Indicated

In the Lone Pine region, in West Bethlehem and Amwell townships, excitement is running high over natural gas strikes. A number of wells have been drilled lately which are big producers, and every farm in that vicinity is either under option or has already been leased. Several gas companies are competing largely for the leases.

The great oil strike of Washington in the 80's first brought this territory into prominence and during that time more than 25 years ago, A. B. Caldwell & Company drilled a well on the Adam Marsh farm for oil the then much coveted fluid which was making producers and farmers rich over night. Not finding any oil, only a large pressure of gas which was considered worthless this local company abandoned the field in disgust.

Now after the field was wrapped in complete lethargy for a quarter of a century the "pay sands" are being made to produce by more progressive producers in a more modern commercial age. At present these gas companies have drilled in the neighborhood of 125 wells and more are going down every day. Hardly a day passes by unless a new well is located somewhere in the field or a new one is brought in. The wells run from 1,000,000 to 4,500,000 cubic feet with good rock pressures.

Wells in this field cost from \$8,000 to \$10,000 and range in depth from 2,500 to 3,000 feet. It is estimated that up to date upwards of \$1,000,000 is already invested in this field

(Continued on Second Page).

WAYNESBURG MAN IS ELECTED TO POSITION

School Board Fills Vacancy in Charleroi High School--All Teachers Have Accepted Places

Out of 24 applicants, Charles M. Donley, of Waynesburg, a graduate of Waynesburg College, was on Tuesday evening elected a teacher for High School, to fill the vacancy caused by the resignation of Prof. D. C. Willard, as principal and the subsequent appointment of Prof. W. A. Swick to that position. Mr. Donley is a young man, but one who has had some teaching experience. Last year he was principal of a township school in Fayette county. He is regarded as a young man of considerable ability. With the election of a High School teacher all vacancies in the school force were filled. Thus far all teachers elected have accepted with the exception of Mr. Donley, and there is no doubt but that he will accept.

PREPARING FOR BIG OUTING OF MINERS

Valley Coal Diggers to Assemble in Annual Reunion at Eldora Saturday--Speaking to be Feature

Elaborate preparations are being made by miners of the valley for their annual outing and picnic to be held at Eldora Park on Saturday, July 29. Speaking will be the feature of the day, and John P. White, president of the United Mine Workers of America, will be the chief speaker. The picnic is being arranged for all local unions of Monongahela and vicinity.

There will be special trains run over the Ellsworth branch to Monongahela. There will be a parade there in the morning and Charles E. Pritchard, is the chief marshal. At Eldora Park President Francis Feehan of the Pittsburgh district will be chairman and will give a talk. Other speakers than President White will be International Vice President J. Frank Hayes, International Secretary-Treasurer Edwin Perry, Assemblyman Wm. Feeney, District Attorney C. L. V. Acheson of this county and Coroner James T. Heffran. There will also be speaking in the Italian, Slavic and Polish languages.

A program of sports is being arranged. Dancing afternoon and evening at the park will be a feature and one of the largest crowds of the season is anticipated.

Told Guards to Watch Him So Unpleasant

Young Minister Feared he Might Kill Himself While Delirious

There is a particularly sad part to the story of the death on last Saturday evening of Rev. S. Ernest Smith the Lutheran minister of Vandergrift Heights, according to Rev. C. E. Frontz, pastor of Christ Lutheran church, of Charleroi. Rev. Smith leaped from a third-story window of the Passavant Hospital at Pittsburgh, while delirious from typhoid fever.

According to Rev. Frontz sometime ago a brother of Rev. Smith had the typhoid fever. At the hospital he performed nearly the same act that Rev. Smith did Saturday.

When he found he was taking typhoid fever, Rev. Smith told his people to watch him close so that if he became delirious and requested that he be closely guarded. He was guarded until the evening of his death very closely, when the nurse had to leave the room for amoment. At that juncture the idea possessed the delirious man to jump from the window and he made the death leap.

SCHOOL OF METHODS HOW IN SESSION IN FAYETTE COUNTY

The school of methods for Sunday school workers opened at the First Christian church at Uniontown on Monday will be in session this entire week. Sunday school workers are in attendance from all near-by counties. All schools wishing to be "Front Line" this year in Washington county, according to Mrs. Mary L. Stewart, recording secretary of the county association should see that a delegate is sent. The Uniontown School of Methods is the only one in this part of the State.

New Potatoes, 35 cents a peck at the Co-operative Store. 297tf

INVESTIGATE PROPOSED CHANGE IN WATER MAIN

Big Game to be Played Tonight Underwriters Engineer Looks Matters Over Here

Episcopals Will Battle with First Place Team of League

Thinks That Line Up Seventh Street Should be Continued to Crest Avenue.

Tonight if bad weather does not interfere will be played the really "big" game of the Charleroi Church league season. It will be between the league leaders, the Lutherans and the Episcopals, champions of last year, and second in the race this year. Both teams have their favorites and there is much rivalry. The chances are that Coach Joe Mason, who is the head of the Lutherans will have his regular team on the field the same as on Monday, with Miller doing slab duty. Manager McCloskey will doubtless pitch Bragg who during his college career made them sit up and take notice. He twirled for Cornell. The Episcopals will probably have their regular team on the field.

REPAIRS TO LOCK NO. 3 COMPLETED

Government Men Finish Work on Inside Lock--New Boiler for Dredge

Repairs have been completed at Lock No 3 on the inner lock. The lock will be put in commission at once. The outer lock will be closed for repairs to gates and wickets and the entire system at Lock No 3 will then be in good shape.

A new improved stem boiler has been received by the Steamer Swag at Lock No. 2, which will be installed on Dredge No. 1 at the government yards, at North Charleroi. Work on the new dredge is progressing rapidly.

Much work is being done on the new dam at Lock No 1. The water in low and much acid is the result.

TREE ORDERS WILL BE RECEIVED FOR FEW DAYS STILL

Orders have been received for about 80 shade trees by the special committee of Charleroi citizens appointed to look after the matter, and it is probable that an order will be sent away within a few days. The trees are being ordered by local people to take the place of Carolina poplars which now line the streets. The committee was appointed by the Business Men's Association and council, and orders have been left at the borough office with Ira L. Nickerson, borough clerk. More orders will be received from now until the date for sending them away.

DON'T HAVE TO WAIT.

In view of the fact that seventy-
two petitions for State aid roads in
this county lapsed with the repeal
of the old Sproul law and the en-
actment of the new State Highway
measure, the Washington Observer
urges the townships which had the
petitions filed to refile them again,
in order to be in line for State aid
in the construction of roads. At the
same time the Observer laments the
fact that only \$1,000,000 was ap-
propriated for the next two years
to divide among all the counties of
the State, which gives but a min-
imum sum to each county. The Ob-
server seems to be of the opinion
that the townships have to wait un-
til they get an appropriation from
the State to pay for one-half the con-
struction under the State plan.

Here is where the Observer is in
wrong. The townships do not have
to wait. There is nothing to prevent
one or several townships from build-
ing roads under the State plan and
paying for the whole cost them-
selves, or the county can give them
aid in the project the same as it
builds the Flinn roads at the ex-
pense of the county. Even if the
county and townships built roads un-
der the State plan and paid the
whole cost themselves, the roads
would be under the supervision of the
State Highway Department, which
would pay half the cost of main-
tenance ever afterward. The pres-
ent county commissioners have ob-
ligated the county to build roads in
the future to the amount of \$850,000
the entire cost and maintenance of
which must be borne by the county.
Had they united with the townships
willing to spend money for the con-
struction of roads under the State
plan, they could no doubt have se-
cured double the amount of roads
at a less ultimate cost to the tax-
payers.

A RICH COUNTY.

How many people ever stop to
think of the immense natural wealth
with which Washington county is
endowed? No spot on the globe, per-
haps, containing the same area has
been capable of producing so much
wealth, and had a proper conserva-

tion been made of the rich resources
from the start, and the real value of
the wealth produced gone to the ben-
efit of the original owners of the re-
sources, few communities could at
the present time show up so much
individual wealth.

With no other natural resources
but its agricultural possibilities,
Washington county would be noted
as a wealthy community were these
resources developed to their max-
imum capacity. With every avail-
able foot of land cultivated, no fer-
tilizing elements wasted, and with
intelligent and scientific direction,
the county would be a land of plenty
and profit for its inhabitants.
Then comes coal, oil and gas. The
wealth of these products is too well
known to specialize here, but to
compute what already has been pro-
duced in dollars and cents, and add
the amount to what is yet known to
be available, the aggregate wealth
would seem almost incredible. What
is necessary now is to conserve this
wealth as much as possible so that
the returns will revert to the res-
idents and the producers. The coal
oil and gas may become exhausted
in time, but the farming possibilities
remain and this can be made to
produce untold wealth for ages to
come.

ELECTRIC SPARKS

Bond issues are a handy thing to be
able to have. At other times they
would be handy things not to have.

If the sugar trust probe is con-
tinued it is a far-away possibility
that eventually the price of sugar
will be reduced.

New Castle has forfeited its fran-
chise in the O. & P. league. Bottom
position in a baseball race usually in-
sures a loser.

War has been declared in Mexico.
But no one seems to know between
whom, and anyhow it doesn't amount
to much.

It seems to us that the men who
are most anxious to use those auto-
mobile whistles which sound like the
wail of a lost soul have only selfish
motives anyhow.

For Col. Dreyfus to pay \$22,000
for one pitcher is evidence that he
needs players for his Pittsburgh ball
club more than he needs the coin.

Anticipation of an occurrence is
sometimes better than the occurrence
itself.

Anyway, after exploring the inter-
ior of the whale Mr. Jonah didn't go
around lecturing about it.

"Rough neck" is a new term used
by society to convey an impression
of a person it takes too long to ex-
press any other way, but it is not to
be construed to insult.

They say a homely girl is too un-
attractive to catch a husband, but it
is a noticeable fact that she is gen-
erally the one who doesn't get left.

Flys don't seem to bother people
here so much as they do in other
places. Hotel proprietors take notice.

George—Have you been invited to
a corn roast yet?
Reginald—No, but I've been invited
to a new corn cure.

There is no cement that will mend
a broken promise except that kind
expressed with a dollar mark and sev-
eral figures.

President Taft has accepted so
many vacation invitations that he has
found it necessary to appoint sub-
stitutes to take his place at some of
the functions he is supposed to at-
tend. The only question remains, can
they do justice to what is set before
them.

PICKED UP IN PASSING

Here's a little story about Billy
Sunday, told by a resident of Erie—a
railway mail clerk—who spent last
Saturday night and Sunday with
friends in Washington county. When
Sunday came to Erie to conduct his
great evangelistic campaign, he was
given the use of a furnished home, the
owner of which was abroad, this being
his contribution to the evangelist.
A colored woman was employed to do
the washing and other household
work for the Sunday family. When
Sunday was ready to leave Erie he
asked for the woman's bill. She in-
formed him that as she could not

A REMARKABLE RECOVERY SOUNDS LIKE A MIRACLE

Miner Syes Employed by Black Diamond Coal
Company Says it is All True

It is now two months since the
Quaker Doctor opened his office here
in Charleroi and while many patients
have since been discharged cured after
being under his treatment a few weeks
crowds of new patients from the
neighboring towns and country gather
daily at his office on McKean avenue,
opposite the Hotel Arthur for consul-
tation and advice; his reputation as a
master surgeon and specialist is now
well established here and among his
many cures, perhaps the one spoken
of above is the most remarkable and
illustrates the thoroughness of the
Quaker Doctor's treatment in chronic
cases.

Mr. J. J. Syes lives at Lock No. 4,
is 37 years old and had been growing
weaker and weaker for the past
year from what had been pronounced
"Miner's Asthma" and when he called
on the Quaker Doctor, had not done
any work for six weeks and the end
seemed only a short while off. After
a careful and thorough examination
lasting almost a half hour, the Quak-
er Doctor told him if he would place

contributed money toward the meet-
ings, she felt that she should give her
work to the cause. The evangelist,
however, obtained from her what she
believed her work was worth, and
credited her with the amount.

But that was not all. Sunday went
out, made inquiries about the woman,
learned that she owned a little home,
but on it was a \$400 mortgage. With-
out telling the woman, he hunted up
the man who held the mortgage and
paid him the \$400, so that the prop-
erty is today, as a result of Sunday's
visit to the lake city, free of encum-
brance.

A man who knows Sunday says he
does lots of such charitable acts. All
of which should be interesting to
those people who growl about Billy
Sunday being paid too much money
for his work.

"I see they resorted to a bracket
flood to get the Congressional party
that is inspecting the Ohio river
down to Wheeling by draining the
pools where locks and dams have
been built in the upper part of the
river," said an old time lumberman
who formerly lived in the northern
part of the State. "That was a
scheme largely practiced by lum-
berman where I formerly lived. It was
practiced on one of the small tributar-
ies of the Clarion river—Toby creek—
from a period before the Civil War
up into the '80's, when the railroads
entered that field and put an end to
rafting. This stream for a distance
of about 25 miles had a sawmill loca-
tion on it at regular intervals, and as
each mill had a dam across the stream
artificial or bracket floods were re-
sorted to regularly when there was no
natural flood for running rafts out of
Toby Creek into the Clarion river. In
the '70's a navigation company was
formed by the lumbermen, and some
extra dams were built along the
stream to facilitate getting out the
rafts on bracket floods. It was per-
fectly successful and the project was
maintained for a long time."

Lone Pine Region is Much Excited

(Continued from First Page.)

In wells, leases and bonuses and the
available supply of gas is rated
above 200,000,000 cubic feet. Wells
are to be found in close proximity in
the village of Lone Pine where they
are located on town lots as found in
the Bremen, O., field. Bunches of
derricks are to be found owned by
rival companies. All the town lots
of the village and all the farms for
a radius of 25 miles are under lease
and the field is daily widening out
and following the course of the anti-
cline. The village of Lone Pine is a
veritable network of derricks and the
hills for miles in each direction
along the crest of the anticline are
spotted with producing wells the
derricks giving mute evidence of
wells.

NOTICE TO BRIDGE CONTRACTORS

Scaled proposals for the construc-
tion of the following county bridges
will be received by the County Con-
troller at Washington, Pa., until 12
o'clock noon, August 4, 1911, and
opened at 1 o'clock p. m. of the same
day. Proposal blanks and specifica-
tions are on file in the County Engi-
neer's office and will be furnished on
application.

No. 1—Monongahela City Bridge,
over Pigeon creek in Monongahela
City, is to be a through truss bridge
of 100 foot span, 24 foot road and two
6 foot sidewalk, with stone or con-
crete abutments.

No. 2—Bentleyville Bridge over
Pigeon Creek near the Bentleyville
railroad station. The bridge is to
be a plate girder bridge of 56 foot
span, 20 foot roadway and two 6 foot
sidewalks, with stone or concrete
abutments.

No. 3—Brick Church Bridge, over
Pigeon creek in Bentleyville borough.
The pony truss bridge of 56 foot span
and 14 foot roadway near the Bentley-
ville railroad station is to be moved
up stream 1500 feet more or less to
the new location and re-erected on
new abutments of stone or concrete.

No. 4—Finleyville Bridge over
Peters creek in the west end of Fin-
leyville borough. This bridge is to be
a plate girder bridge, 60 foot span and
16 foot roadway with concrete and
brick floor and stone or concrete abut-
ments.

No. 5—The Kamp Bridge over
Brush run in Peters township, this
will be a plate girder bridge of 45
foot span, 16 foot roadway, with con-
crete and brick floor and stone or
concrete abutments.

No. 6—Charleroi Bridge over Maple
creek on the line between Charleroi
and Speers borough. This will be a
reinforced concrete arch of 40 foot
span and 30 foot roadway.

No. 7—Sparta Bridge, reconstruc-
tion of over Short creek in Morris
township. This bridge is 19 foot span
and 12 foot roadway and requires new
bridge seats and face wall and new
floor and railings.

No. 8—Taylorstown Bridge, over
Buffalo creek in Blaine township. A
new concrete face wall is to be built
around one abutment and the roof is
to be repaired.

On bridges number 1, 2, 3, 4, and 5
bids will be received on the sub-
structure and superstructure both
separately and combined.
Each bid must be accompanied by
a certified check in the sum of \$200.00
or a surety company bond for \$400.00.
The right is reserved to reject any
or all bids.

JOHN H. MOFFITT,
County Controller.
CHANEY & ARMSTRONG,
County Engineers. 12-19-26-2

Lungs Declared Sound— Life Insurance Granted.

If you knew a remedy that really had
cured Tuberculosis; that had saved from
death quite a number of people, would
you try to get "compensatives" interested
in it and induce them to take it; or
would you say nothing about it, for fear
of giving offense?

We know the medicine. We know the
people cured—some of them. We know the
stories of cure of many—and affida-
vids to prove it. We advertise Eckman's
Alternative to tell those who have lung
disease what has been done by its use.
Investigate the following:

5553 Thompson St., Phila., Pa.
Gentlemen: "On the evening of May
13, 1907, I had five hemorrhages—from
the right lung. My hemorrhages kept up for
one week—I had twenty-eight in all. Sep-
tic pneumonia developed. My doctor told
me I had better go to another climate
as my left lung had also become affected.
About that time I met Howard Klotz
1619 Susquehanna Ave., this city, who
had hemorrhages several years ago and
who was cured by Eckman's Alternative.
I started to take Eckman's about the
latter part of August, 1907. My appetite
improved at once and in about two weeks
steadily. Later, a very bad lameness de-
veloped in my right leg and I continued
to get a lump on my right hip. My doc-
tor told me I was getting a tubercular
abscess and that I was affecting the
sciatic nerve. The lameness and lump
gradually disappeared. Have not had any
trouble of that nature since.

Since my recovery about a year ago,
I was accepted for life insurance, after
two examinations by a company that had
previously rejected me.
I have advised several people to take
Eckman's and those who took it faith-
fully had it to make results as myself."
(Signed) A. T. CHAS. MORRIS.
Eckman's Alternative cures Bronchitis,
Asthma, Hay Fever, Throat and Lung
Affections. Ask for booklet of cured cases
and write to the Eckman Laboratory,
Philadelphia, Pa., for additional evidence.
For Sale by all leading druggists and

The Deal Fell Through!!

We could not lease the building at 431 McKean Ave. as we intended, just at the last minute and the deal fell through. So we are going to make a New Store out of our old one---remodeling it entirely throughout. We must make room for the carpenters and workmen before August 14th, hence it becomes necessary for us to adopt drastic measures and reduce prices to a point where the stock will be reduced several thousand dollars in the short time that remains.

Store Closed all day Thursday, July 27th, to remark the goods and re-arrange the stock for quick and satisfactory handling of the crowds
9 A. M.--FRIDAY, JULY 28th, 1911,--9 A. M.

**Everybody is Eligible Except Park Employees and their Families,
Man, Woman or Child.**

LIFEGUARD M'HALE

SAVES TWO MEN FROM DEATH IN THE WATER

Lifeguard Frank C. McHale, who managed the Charleroi baseball team one year in the Pa. W. Va. League, and did a part of the slab work, made a thrilling rescue of a drowning canoeist and his would-be rescuer on Tuesday evening at the Forty-third street swimming pool, Pittsburg.

Austin McCann, aged 22, overtopped his canoe when opposite the pool. His clothing hampered him and he was sinking, when John Haines, aged 21, of Pittsburg, sprang from a raft and tried to rescue him.

McCann pulled Haines down with him and when the lifeguard got to the struggling men both were exhausted and only semi-conscious. McHale hauled them into his skiff and worked over them a half hour before they revived.

LOCAL MENTION

A. W. Nickeson of Beallsville is a business caller in Charleroi today.

Mrs. Hannah Mason and Mrs. Chas. R. Trew are guests of relatives in Arnold City today.

Mrs. Wm. Hickey is suffering from an attack of pneumonia.

Miss Mollie Craven, of Pittsburg, formerly of Charleroi, was a visitor over Tuesday with friends in Charleroi.

Miss Grace Gelder left this morning for Dravosburg, in the vicinity of which she will visit for a number of days.

If you have a little time to spend in the afternoon visit the matinee at the Star Theatre. Three good pictures changed every day for just five cents.

Mrs. Charles Umbel of Washington avenue left today for Detroit.

Mich., for a visit. Her husband accompanied her to Pittsburg.

Mrs. G. M. Stewart went to Uniontown Tuesday to visit friends.

A marriage license was granted in Pittsburg this week to Peter Vandermere, and Miss Anna Chevalier, both of Charleroi. A license was also granted to Leo. A. Sherry, formerly of Charleroi and an employee of the Mail composing rooms and Miss Bertha M. Streicher, of Pittsburg.

Miss Ada Nangle, of Washington is a guest of Miss Florence Crill, of Fifth street.

Assemblyman William Feeney is in Indianapolis this week. He is one of the international tellers of the United Mine Workers, and was called to headquarters on business pertaining to the organization.

Mrs. V. G. Hostetter and daughter left this morning for Tiffin, Ohio.

Miss Grace O'Donnell has gone to West Virginia to visit relatives.

Carroll E. Cummings returned Monday from a visit with his parents at Parkersburg, W. Va.

Miss Belle Lindsay, a former resident of Charleroi, has been visiting friends in town.

H. T. Kopp and family of Reading are visiting in Charleroi.

The family of Ralph White, one of the department superintendents of the Pittsburg Plate Glass company, left today for Ford City where Mr. White has been transferred.

J. M. Hill and son Gibson spent Monday and Tuesday in Washington and Claysville with friends.

Mr. and Mrs. Joseph Hill of Beallsville who has been guests at the home of Mr. and Mrs. J. M. Hill of Washington avenue, left this evening for Millsboro, to visit at the home of Mr. and Mrs. Jacob Harshman.

Miss Gertrude Kelly, and sister of Greensburg, were visiting friends in Charleroi Tuesday.

Mrs. Charles Umbel and son left this morning for Detroit where they will spend some time with friends.

Inquisitive Tommy.

An infirm old gentleman was visiting Tommy's family, and Tommy unfortunately had heard mention of one of the guest's peculiarities. Planting himself directly in front of his unhappy elder he sweetly inquired: "Which is your glass eye, Mr. Blankton? The one that moves, or the one that stands still?"

His Natural Good Sense.

Exasperated Prosecutor (addressing stupid defendant in a law suit)--Man alive! I should think you could see for yourself that you're a born idiot. I should think your natural good sense would tell you!--Plaintiff's Blatter.

Country's Neglected Opportunity.
Spain contains 11,597,048 acres of unproductive land.

COMES QUICKLY

Don't Have to Wait For Weeks. A Charleroi Illustration.

Waiting is discouraging. Prompt action pleases everybody. A burden on the back is a heavy weight.

Hard to bear day after day. Lifting weight, removing the burden.

Brings appreciating responses. Charleroi people tell of it. Tell of relief that's quick and sure. Here is a case of it.

Mrs. George Ewing, 913 Shady avenue, Charleroi says: "Doan's Kidney Pills have been used in our family with the best results. We procured our supply at Piper Bros. Drug Store and it did not take this remedy long to dispose of kidney trouble. I advise anyone troubled by disordered kidneys to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name--Doan's--and

CHRISTIANS BEAT BAPTISTS IN FINE BASEBALL CONTEST

Kiefer and Donahue Fight it
Out From the Slab for
Respective Teams

SHORTEST GAME THUS FAR

In a red-hot pitcher's battle between Kiefer and Donahue, the shortest game of the season went to the Christians by the score of 2 to 0, over the Baptists Tuesday night. Neither of the runs were earned. Both teams were extremely neglectful in their hitting, and only three hits in the aggregate were secured by both teams.

The Christians got their runs in the second inning. Kearnes was safe at first when Scheiler puddled around with the ball. And to add to surprises he burglarized second. On Dunmire's out, second to first, he went third and scored when Furnier singled. Furnier went home when McGowan let one get past him on first. That was the only time the Christians came near scoring.

The Baptists almost scored twice. In the fifth with one out Donahue

pulled a two bagger and went third on a passed ball. Unfortunately for the Baptist cause the next two men went out. In the seventh with one down McGowan was safe on Furnier's error, and went second and third on successive passed balls. Paxton struck out and Donahue got a walk. Thereupon Adams hit one to second that looked good but Heffran

was there in time to scoop the ground-

out and the second chance to score

was nipped. Score:

They Eat Much Meat.

The people of the south are large meat consumers, but small meat producers. Statistics show that southerners consume more meat per capita than any other section of the country. And no section of the country can compete with North Carolina under forced draught in raising meat, especially pork.—Frank P. Fogg in National Magazine.

BASEBALL BINGLES

Nutt, the star left fielder of the Baptists, who takes some pride in the fact that he is the youngest player in the Church league, made about the prettiest catch of a hard one that has been seen hereabouts for some time. That was of Kiefer's drive in the sixth. As soon as it left on its way to left field Nutt turned and ran back. He sprinted for all he was worth and as the horsehide was about due to drop glanced over his shoulder then made a leap into the air and grabbed the sizzler. He was roundly applauded for the feat.

If it hadn't been for a couple of errors the Christians and Baptists might have been playing yet with neither team having a score.

McGowan, who started the season with the Christians then went to the First Presbyterians was on first for the Baptists. That was formerly his regular job and he did quite well considering.

Kiefer pitched exceedingly well for the Christians, but at that he didn't have anything on Donahue.

The Christians got two hits, one a scratch to short. The Baptists got one hit but it meant the same number of bases for them that the Christians two did for them.

A shift was noticeable in the Baptist lineup. Lindsay was on third, Scheiler on short and Paxton on second. Scheiler started second and Paxton short, then changed.

Capt. Mason had his team working fine. He caught a great game.

Heffran is becoming a very valuable man to have on short stop and he is convenient to have at bat when there is a man on base.

"Team work" is the slogan of the Lutherans and that is what wins the games.

Coach Mason says that had Charles "Sunny" Mason been on firstbase

and Sharkey in left field the Catholics in Monday's game would have scored only one run.

The absence of First Baseman "Sunny" Mason was severely felt by the Lutherans in Monday's game. He has accepted a position with H. J. Heinz Co., at Laporte, Indiana, and leaves for there next week. "Sunny" will be in the Lutheran's lineup against the Episcopalians.

Ralph Miller has been pitching the finest ball in the Church League.

With only one pitcher and only a fair hitting team it is "head work" and base running that wins for the Lutherans.

An Address, He Thought.

"Ere 'e brings 'ome a 'ole boxful of crockery for the missus, an' writes out a label marked 'China' an' puts it on the box for safety, an' bust me jibboom if a bloomin' porter ain't gone and sent it off there!"—The Tattler.

PITTSBURG NEWSPAPER CONFIRMS MAIL STORY

Gazette Times Says Frick Company Will Open New Field

WORK ON PIGEON CREEK

Gradual Movement Away From Connellsville Towards the Monongahela Valley

In confirmation the Mail's reports of the movements of Frick Coke company in this section and the probable object which were the first to appear in any of the newspapers, the Pittsburgh Gazette Times prints the following this morning:

What are said to be the first steps to be taken by the Frick Coke Company in its slow but sure movement out of the Connellsville region for extending the Steel Corporation coke facilities, is now under way in Washington county, in what is known as the southwest end of the gas coal basin, and extending into Pigeon creek district of that county. Engineers are busy making surveys along this property lying back of Monongahela and Charleroi and are placing the dividing lines between it and the properties of the Jones & Laughlin Steel Company, Lackawanna Steel Company and the Pittsburgh and Westmoreland Coal Company lands.

Following the completion of this survey it is expected that the Frick Coke Company will begin constructing new coke ovens, the number of which will run into thousands. The coal lands in question are a part of the purchase made recently from the Monongahela River Consolidated Coal and Coke Company, and according to the statements of the officials of the Frick Coke Company the coal secured is in many respects superior to the old Connellsville basin coal, that has for years been the most prized coke supply of the Steel Corporation.

Going Into Famous Region.

This property will be capable of producing coke for many years to come as there are between 9,000 and 10,000 acres available for this purpose. It is in the center of one of the most famous coking coal activities of the present time, as it is all taken up by steel companies with the exception of the Pittsburgh and Westmoreland Company, which was the pioneer in that field. Engineers of the Pittsburgh and Westmoreland Company and the Frick Coke Company yesterday were working together on the land to establish property lines. The survey work is expected to be completed before the late fall. It will then be placed in the hands of the operating department of the Frick company for the building of ovens.

According to the statements made yesterday, this property will be the first of the recent purchase of the Steel Corporation from the Pittsburgh Coal Company and river interests to be developed. Upwards of \$3,000,000 will be required for opening new mines and construction of coke ovens and mining towns all of which will give employment to many

(Continued on Second Page).

Copper Plates as Neutralizer

Rivermen Advocate New Kind of Boilers to Prevent Destruction by Acid

Experienced rivermen are advocating the use of copper boilers on river craft to overcome the heavy expense in making repairs to boilers on steam boats, the result of the acid in the streams, noticed particularly during the low water season. Now the Monongahela river water is greatly diluted with acid and heavy damage is the result. The acid in the water puts the boilers out of commission in a short time, and counting the loss of time, entails a considerable expense to boat owners. A number of alleged preventives have been tried, but nothing has been brought out so far, rivermen say, that will resist the action of the acid on the steel plates. Advocates of copper plates for boilers and steam pipes claim that the action of the acid will be neutralized and possibly overcome.

LONE PINE REGION IS MUCH EXCITED

New Gas Wells Are Opened and Business Boom is Indicated

In the Lone Pine region, in West Bethlehem and Amwell townships, excitement is running high over natural gas strikes. A number of wells have been drilled lately which are big producers, and every farm in that vicinity is either under option or has already been leased. Several gas companies are competing largely for the leases.

The great oil strike of Washington in the 80's first brought this territory into prominence and during that time more than 25 years ago, A. B. Caldwell & Company drilled a well on the Adam Marsh farm for oil, the then much coveted fluid which was making producers and farmers rich over night. Not finding any oil, only a large pressure of gas which was considered worthless this local company abandoned the field in disgust.

Now after the field was wrapped in complete lethargy for a quarter of a century the "pay sands" are being made to produce by more progressive producers in a more modern commercial age. At present these gas companies have drilled in the neighborhood of 125 wells and more are going down every day. Hardly a day passes by unless a new well is located somewhere in the field or a new one is brought in. The wells run from 1,000,000 to 4,500,000 cubic feet with good rock pressures.

Wells in this field cost from \$8,000 to \$10,000 and range in depth from 2,500 to 3,000 feet. It is estimated that up to date upwards of \$1,000,000 is already invested in this field

(Continued on Second Page).

WAYNESBURG MAN IS ELECTED TO POSITION

School Board Fills Vacancy in Charleroi High School--All Teachers Have Accepted Places

Out of 24 applicants, Charles M. Donley, of Waynesburg, a graduate of Waynesburg College, was on Tuesday evening elected a teacher for High School, to fill the vacancy caused by the resignation of Prof. D. C. Willard, as principal and the subsequent appointment of Prof. W. A. Swick to that position. Mr. Donley is a young man, but one who has had some teaching experience. Last year he was principal of a township school in Fayette county. With the election of a High School teacher all vacancies in the school force were filled. Thus far all teachers elected have accepted with the exception of Mr. Donley, and there is no doubt but that he will accept.

PREPARING FOR BIG OUTING OF MINERS

Valley Coal Diggers to Assemble in Annual Reunion at Eldora Saturday--Speaking to be Feature

Elaborate preparations are being made by miners of the valley for the annual outing and picnic to be held at Eldora Park on Saturday, July 29. Speaking will be the feature of the day, and John P. White, president of the United Mine Workers of America, will be the chief speaker. The picnic is being arranged for all local unions of Monongahela and vicinity.

There will be special trains run over the Ellsworth branch to Monongahela. There will be a parade there in the morning and Charles E. Pritchard, is the chief marshal. At Eldora Park President Francis

Told Guards to Watch Him Auto Noises So Unpleasant

Young Minister Feared he Might Kill Himself While Delirious

There is a particularly sad part to the story of the death on last Saturday evening of Rev. S. Ernest Smith the Lutheran minister of Vandergrift Heights, according to Rev. C. E. Frontz, pastor of Christ Lutheran church, of Charleroi. Rev. Smith leaped from a third-story window of the Passavant Hospital at Pittsburgh, while delirious from typhoid fever.

According to Rev. Frontz sometime ago a brother of Rev. Smith had the typhoid fever. At the hospital he performed nearly the same act that Rev. Smith did Saturday. When he found he was taking typhoid fever, Rev. Smith told his people to watch him close so that if he became delirious and requested that he be closely guarded. He was guarded until the evening of his death very closely, when the nurse had to leave the room for moment. At that juncture the idea possessed the delirious man to jump from the window and he made the death leap.

SCHOOL OF METHODS HOW IN SESSION IN FAYETTE COUNTY

The school of methods for Sunday school workers opened at the First Christian church at Uniontown on Monday will be in session this entire week. Sunday school workers are in attendance from all near-by counties. All schools wishing to be front line this year in Washington county, according to Mrs. Mary L. Stewart, recording secretary of the county association should see that a delegate is sent. The Uniontown School of Methods is the only one in this part of the State.

INVESTIGATE PROPOSED CHANGE IN WATER MAIN

Big Game to be Played Tonight Underwriters Engineer Looks Matters Over Here

Episcopals Will Battle with First Place Team of League

Tonight if bad weather does not interfere will be played the really "big" game of the Charleroi Church league season. It will be between the league leaders, the Lutherans and the Episcopals, champions of last year, and second in the race this year. Both teams have their favorites and there is much rivalry. The chances are that Coach Joe Mason, who is the head of the Lutherans will have his regular team on the field the same as on Monday, with Miller doing slab duty. Manager McCloskey will doubtless pitch Bragg who during his college career made them sit up and take notice. He twirled for Cornell. The Episcopals will probably have their regular team on the field.

REPAIRS TO LOCK NO. 3 COMPLETED

Government Men Finish Work on Inside Lock--New Boiler for Dredge

Repairs have been completed at Lock No. 3 on the inner lock. The lock will be put in commission at once. The outer lock will be closed for repairs to gates and wickets and the entire system at lock No. 3 will then be in good shape.

A new improved steam boiler has been received by the Steamer Swat at Lock No. 2, which will be installed on Dredge No. 1 at the government wharves, at North Charleroi. Work on the new dredge is progressing rapidly.

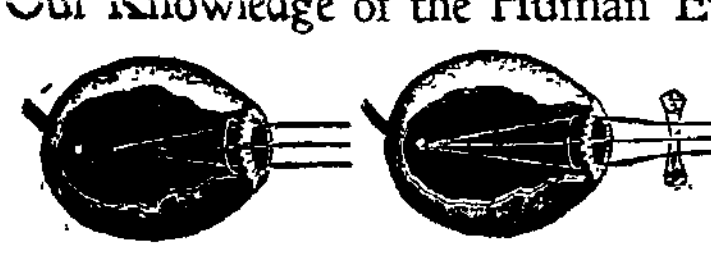

Much work is being done on the new dam at Lock No. 1. The water in it and much acid is the result.

TREE ORDERS WILL BE RECEIVED FOR FEW DAYS STILL

Orders have been received for about 80 shade trees by the special committee of Charleroi citizens appointed to look after the matter, and it is probable that an order will be sent away within a few days. The trees are being ordered by local people to take the place of Carolina poplars which now line the streets. The committee was appointed by the business men's association and council, and orders have been left at the borough office with Ira L. Nickerson, borough clerk. More orders will be received from now until the date for sending them away.

ASTRONOMICAL EVENTS.

From noon today to noon tomorrow, the sun sets 7:17, rises 4:48; moon sets 10:35 p. m.; 2:52 a. m., moon in con- junction with Mercury, passing from west to east of the planet.

DON'T HAVE TO WAIT.

In view of the fact that seventy- two petitions for State aid roads in this county lapsed with the repeal of the old Sprout law and the en- actment of the new State Highway measure, the Washington Observer urges the townships which had the petitions filed to refile them again, in order to be in line for State aid in the construction of roads. At the same time the Observer laments the fact that only \$1,000,000 was ap- propriated for the next two years to divide among all the counties of the State, which gives but a min- imum sum to each county. The Ob- server seems to be of the opinion that the townships have to wait un- til they get an appropriation from the State to pay for one-half the con- struction under the State plan.

Here is where the Observer is in- correct. The townships do not have to wait. There is nothing to prevent one or several townships from build- ing roads under the State plan and paying for the whole cost them- selves, or the county can give them aid in the project the same as it builds the Flinn roads at the ex- pense of the county. Even if the county and townships built roads un- der the State plan and paid the whole cost themselves, the roads would be under the supervision of the State Highway Department, which would pay half the cost of main- tenance ever afterward. The pres- ent county commissioners have ob- tained the county to build roads in the future to the amount of \$850,000 the entire cost and maintenance of which must be borne by the county. And they united with the townships willing to spend money for the con- struction of roads under the State plan, they could no doubt have se- cured double the amount of roads at a less ultimate cost to the tax- payers.

A RICH COUNTY.

How many people ever stop to think of the immense natural wealth with which Washington county is endowed? No spot on the globe per- haps, containing the same area has been capable of producing so much wealth, and had a proper conserva-

tion been made of the rich resources from the start, and the real value of the wealth produced gone to the ben- efit of the original owners of the re- sources, few communities could at the present time show up so much individual wealth.

With no other natural resources but its agricultural possibilities, Washington county would be noted as a wealthy community were these resources developed to their max- imum capacity. With every avail- able foot of land cultivated, no fer- tilizing elements wasted, and with intelligent and scientific direction, the county would be a land of plenty and profit for its inhabitants. Then comes coal, oil and gas. The wealth of these products is too well known to specialize here, but to compute what already has been pro- duced in dollars and cents, and add the amount to what is yet known to be available, the aggregate wealth would seem almost incredible. What is necessary now is to conserve this wealth as much as possible so that the returns will revert to the res- idents and the producers. The oil and gas may become exhausted in time, but the farming possibilities remain and this can be made to produce untold wealth for ages to come.

ELECTRIC SPARKS

Bond issues are a handy thing to be able to have. At other times they would be handy things not to have.

If the sugar trust probe is con- tinued it is a far-away possibility that eventually the price of sugar will be reduced.

New Castle has forfeited its fran- chise in the O. & P. league. Dottom position in a baseball race usually in- sures a loser.

War has been declared in Mexico. But no one seems to know between whom, and anyhow it doesn't amount to much.

It seems to us that the men who are most anxious to use those auto- mobile whistles which sound like the wail of a lost soul have only selfish motives anyhow.

For Col. Dreyfus to pay \$22,000 for one pitcher is evidence that he needs players for his Pittsburgh ball club more than he needs the coin.

Anticipation of an occurrence is sometimes better than the occurrence itself.

Anyway, after exploring the inter- ior of the whale Mr. Joubert didn't go around lecturing about it.

"Rough neck" is a new term used by society to convey an impression of a person it takes too long to ex- press any other way, but it is not to be construed to insult.

They say a homely girl is too un- attractive to catch a husband, but it is a noticeable fact that she is gen- erally the one who doesn't get left.

Flys don't seem to bother people here so much as they do in other places. Hotel proprietors take notice.

George—Have you been invited to a corn roast yet?
Reginald—No, but I've been invited to a new corn cure.

There is no cement that will mend a broken promise except that kind expressed with a dollar mark and sev- eral figures.

President Taft has accepted so many vacation invitations that he has found it necessary to appoint sub- stitutes to take his place at some of the functions he is supposed to at- tend. The only question remains, can they do justice to what is set before them.

PICKED UP IN PASSING

Here's a little story about Billy Sunday, told by a resident of Erie—a railway mail clerk—who spent last Saturday night and Sunday with friends in Washington county. When Sunday came to Erie to conduct his great evangelistic campaign, he was given the use of a furnished home, the owner of which was abroad, this being his contribution to the evangelist. A colored woman was employed to do the washing and other household work for the Sunday family. When Sunday was ready to leave Erie he asked for the woman's bill. She in- formed him that as she could not

A REMARKABLE RECOVERY SOUNDS LIKE A MIRACLE

Miner Syes Employed by Black Diamond Coal Company Says it is All True

It is now two months since the Quaker Doctor opened his office here in Charleroi and while many patients have since been discharged cured after being under his treatment a few weeks crowds of new patients from the neighboring towns and country gather daily at his office on McKean avenue, opposite the Hotel Arthur for consul- tation and advice; his reputation as a master surgeon and specialist is now well established here and among his many cures, perhaps the one spoken of above is the most remarkable and illustrates the thoroughness of the Quaker Doctor's treatment in chronic cases.

Mr. J. J. Syes lives at Lock No. 4, is 27 years old and had been growing weaker and weaker for the past year from what had been pronounced "Miner's Asthma" and when he called on the Quaker Doctor, had not done any work for six months and the work seemed only a short while off. After a careful and thorough examination lasting almost a half hour, the Quaker Doctor told him if he would place

contribute money toward the meet- ings, she felt that she should give her work to the cause. The evangelist, however, obtained from her what she believed her work was worth, and credited her with the amount.

But that was not all. Sunday went out, made inquiries about the woman, learned that she owned a little home, but on it was a \$400 mortgage. With- out telling the woman, he hunted up the man who held the mortgage and paid him the \$400, so that the prop- erty is today, as a result of Sunday's visit to the lake city, free of encum- brance.

A man who knows Sunday says he does lots of such charitable acts. All of which should be interesting to those people who growl about Billy Sunday being paid too much money for his work.

"I see they resented to a bracket flood to get the Congressional party that is inspecting the Ohio river down to Wheeling by draining the pools where locks and dams have been built in the upper part of the river," said an old time lumberman who formerly lived in the northern part of the State. "That was a scheme largely practiced by lum- bermen where I formerly lived. It was practiced on one of the small tribu- taries of the Clarion river—Toby creek—from a period before the Civil War up into the '30's, when the railroads entered that field and put an end to rafting. This stream for a distance of about 25 miles had a sawmill lo- cated on it at regular intervals, and as each mill had a dam across the stream artificial or bracket floods were re- sorted to regularly when there was no natural flood for running rafts out of Toby Creek into the Clarion river. In the '70's a navigation company was formed by the lumbermen, and some extra dams were built along the stream to facilitate getting out the rafts on bracket floods. It was per- fectly successful and the project was maintained for a long time."

Chess-Playing Automaton.
There have been several automaton chess players, but it should not be necessary to say that they were all worked by the man behind the ma- chine, or rather, within or under the machine. At the great fair held in the Crystal Palace, in London, in 1851, an automaton played the game beautifully, and so early as 1753 Baron Von Kempelen of Hungary in- vented an automaton that was the mar- vel and wonder of the time. Von Kempelen went all over Europe with his "Turk."

SHERIFF'S SALE.
By virtue of a writ of Lev. Pa. sur Municipal lien issued out of the Court of Common Pleas of Washington County and to me directed, there will be exposed at public sale at the Sheriff's Sales Room in the Court House in the Borough of Washing- ton, Washington County, Pa., Satur- day, the 19th day of August, 1911, at 1:30 o'clock, P. M. of said day the following described real estate, viz: All that certain lot of ground in- cluding improvements thereon known and described as lot 737 of the Plan of the Borough of Charleroi, fronting 20 feet on the east side of Second Street in the Borough of Charleroi, Washington County, Penn- sylvania, and extending back 100 feet to an Alley.

Taken in execution as the prop- erty of William C. Smith, at the suit of Borough of Charleroi.

JOHN C. MURPHY,
Sheriff.

Sheriff's Office, Washington, Pa.,

Lone Pine Region is Much Excited

(Continued from First Page).

in wells, leases and bonuses and the available supply of gas is rated above 200,000,000 cubic feet. Wells are to be found in close proximity to the village of Lone Pine where they are located on town lots as found in the Bremen, O., field. Bunches of derricks are to be found owned by rival companies. All the town lots of the village and all the farms for a radius of 25 miles are under lease and the field is daily widening out and following the course of the anti- cline. The village of Lone Pine is a veritable network of derricks and the hills for miles in each direction along the crest of the anticline are spotted with producing wells the derricks giving mute evidence of wells.

NOTICE TO BRIDGE CONTRACTORS

Sealed proposals for the construc- tion of the following county bridges will be received by the County Con- troller at Washington, Pa., until 12 o'clock noon, August 4, 1911, and opened at 1 o'clock p. m. of the same day. Proposal blanks and specifica- tions are on file in the County En- gineer's office and will be furnished on application.

No. 1—Monongahela City Bridge, over Pigeon creek in Monongahela City, is to be a through truss bridge of 100 foot span, 24 foot road and two 6 foot sidewalk, with stone or con- crete abutments.

No. 2—Bentleyville Bridge over Pigeon Creek near the Bentleyville railroad station. The bridge is to be a plate girder bridge of 56 foot span, 20 foot roadway and two 6 foot sidewalks, with stone or concrete abutments.

No. 3—Brick Church Bridge, over Pigeon creek in Bentleyville borough. The pony truss bridge of 56 foot span and 14 foot roadway near the Bentley- ville railroad station is to be moved up stream 1500 feet more or less to the new location and re-erected on new abutments of stone or concrete.

No. 4—Finleyville Bridge over Peters creek in the west end of Fin- leyville borough. This bridge is to be a plate girder bridge, 60 foot span and 16 foot roadway with concrete and brick floor and stone or concrete abutments.

No. 5—The Kamp Bridge over Brush run in Peters township, this will be a plate girder bridge of 45 foot span, 16 foot roadway, with con- crete and brick floor and stone or concrete abutments.

No. 6—Charleroi Bridge over Maple creek on the line between Charleroi and Speers borough. This will be a reinforced concrete arch of 40 foot span and 30 foot roadway.

No. 7—Sparta Bridge, reconstruction of over Short creek in Morris township. This bridge is 19 foot span and 12 foot roadway and requires new bridge seats and face wall and new floor and railings.

No. 8—Taylorstown Bridge, over Buffalo creek in Blaine township. A new concrete face wall is to be built around one abutment and the roof is to be repaired.

On bridges number 1, 2, 3, 4, and 5 bids will be received on the sub- structure and superstructure both separately and combined.

Each bid must be accompanied by a certified check in the sum of \$200.00 or a surety company bond for \$400.00. The right is reserved to reject any or all bids.

JOHN H. MOFFITT,
County Controller.
CHANEY & ARMSTRONG,
County Engineers. 12-19-2-2

Lungs Declared Sound—Life Insurance Granted.

If you knew a remedy that really had cured tuberculosis, that had saved from death quite a number of people, would you try to get Consumptives interested in it and induce them to take it; or, would you say nothing about it, for fear of giving offence?

We know the medicine. We know the stories of cure of many—and affirma- tions from some. We advertise Eckman's Alternative to tell those who have lung disease what has been done by its use. Investigate the following:

5553 Thompson St., Phila., Pa.
Gentlemen: "On the evening of May 13, 1907, I had five hemorrhages from the right lung. My hemorrhages kept up for one week—I had twenty-eight in all. Sep- tic pneumonia developed. My doctor told me I had better go to another climate, as my left lung had also become affected. About that time I met Howard Klotz 1619 Susquehanna Ave., this city, who had hemorrhages several years ago and who was cured by Eckman's Alternative. I started to take Eckman's about the latter part of August, 1907. My appetite improved at once and in about two weeks I started to gain weight. I improved steadily. Later, a very bad lameness de- veloped in my right leg and I commenced to get a lump on my right hip. My doc- tor told me I was getting a tubercular abscess and that it was affecting the sciatic nerve. The lameness and lump gradually disappeared. Have not had any trouble of that nature since. Since my recovery about a year ago, I was accepted for life insurance, after two examinations by a company that had previously rejected me. I have advised several people to take Eckman's and those who took it faith- fully had the same results as myself." (Signed) W. C. CHAS. MORRIS.
Eckman's Alternative cures Bronchitis, Asthma, Croup, Whooping Cough, etc.

For Sale by all leading druggists and

The Deal Fell Through!!

We could not lease the building at 431 McKean Ave. as we intended, just at the last minute and the deal fell through. So we are going to make a New Store out of our old one—remodeling it entirely throughout. We must make room for the carpenters and workmen before August 14th, hence it becomes necessary for us to adopt drastic measures and reduce prices to a point where the stock will be reduced several thousand dollars in the short time that remains.

Store Closed all day Thursday, July 27th, to remark the goods and re-arrange the stock for quick and satisfactory handling of the crowds

EVERYTHING WILL BE SOLD EXACTLY AS ADVERTISED

Thrifty far-seeing men will supply their future needs at this great sale

Leslie Campbell Company

413 McKEAN AVENUE, CHARLEROI, PA.

WANTED--Competent Salesmen, apply Thursday, July 27th, 1911.

We Give S. & H. Green Trading Stamps with Every Cash Purchase—the Above Prices are Subject to Cash Only

\$15 FOR YOU

Jimmy Valentine Is Coming to Eldora Park

SUNDAY, JULY 30th

If you locate him or his pal you will be handed

\$15 by the Eldora Amusement Co.

\$10 for Jimmy and \$5 for His Pal

Valentine and his pal will arrive at the park between 2 and 3 o'clock and will circulate among the people. Each visitor will be given a tag which must be worn where Jimmy can see it plainly. Anyone asking him. Are you the mysterious Jimmy Valentine? If he can see your tag he will pay you the reward. Ask his pal, are you Jimmy Valentine's Pal.

Everybody is Eligible Except Park Employees and their Families, Man, Woman or Child.

LIFEGUARD McHALE SAVES TWO MEN FROM DEATH IN THE WATER

Lifeguard Frank C. McHale, who managed the Charleroi baseball team one year in the Pa. W. Va. League, and did a part of the slab work, made a thrilling rescue of a drowning canoeist and his would-be rescuer on Tuesday evening at the Forty-third street swimming pool, Pittsburgh.

Austin McCann, aged 22, overtopped his canoe when opposite the pool. His clothing hampered him and he was sinking, when John Haines, aged 21, of Pittsburgh, sprang from a raft and tried to rescue him.

McCann pulled Haines down with him and when the lifeguard got to the struggling men both were exhausted and only semi-conscious. McHale hauled them into his skiff and worked over them a half hour before they revived.

LOCAL MENTION

A. W. Nickeson of Beallsville is a business caller in Charleroi today.

Mrs. Hannah Mason and Mrs. Chas. R. Trew are guests of relatives in Arnold City today.

Mrs. Wm. Hickey is suffering from an attack of pneumonia.

Miss Mollie Craven, of Pittsburgh, formerly of Charleroi, was a visitor over Tuesday with friends in Charleroi.

Miss Grace Gelder left this morning for Dravosburg, in the vicinity of which she will visit for a number of days.

If you have a little time to spend in the afternoon visit the matinee at the Star Theatre. Three good pictures changed every day for just five cents.

Mrs. Charles Umbel of Washington avenue left today for Detroit

Mich., for a visit. Her husband accompanied her to Pittsburgh.

Mrs. G. M. Stewart went to Uniontown Tuesday to visit friends.

A marriage license was granted in Pittsburgh this week to Peter Vandermere, and Miss Anna Chevalier, both of Charleroi. A license was also granted to Leo A. Sherry, formerly of Charleroi and an employee of the Mail composing rooms and Miss Bertha M. Stretcher, of Pittsburgh.

Miss Ada Nangle, of Washington, is a guest of Miss Florence Crill, of Fifth street.

Assemblyman William Feeney is in Indianapolis this week. He is one of the international tellers of the United Mine Workers, and was called to headquarters on business pertaining to the organization.

Mrs. V. G. Hostetter and daughter left this morning for Tiffin, Ohio. Miss Grace O'Donnell has gone to West Virginia to visit relatives.

Carroll E. Cummings returned Monday from a visit with his parents at Parkersburg, W. Va.

Miss Belle Lindsay, a former resident of Charleroi, has been visiting friends in town.

H. T. Kopp and family of Reading are visiting in Charleroi.

The family of Ralph White, one of the department superintendents of the Pittsburgh Plate Glass company, left today for Ford City where Mr. White has been transferred.

J. M. Hill and son Gibson spent Monday and Tuesday in Washington and Claysville with friends.

Mr. and Mrs. Joseph Hill of Beallsville who has been guests at the home of Mr. and Mrs. J. M. Hill of Washington avenue, left this evening for Leesport, to visit at the home of Mr. and Mrs. Jacob Harshman.

Miss Gertrude Kelly, and sister of Greensburg, were visiting friends in Charleroi Tuesday.

Mrs. Charles Umbel and son left this morning for Detroit where they will spend some time with friends.

Inquisitive Tommy.

An infirm old gentleman was visiting Tommy's family, and Tommy unfortunately had heard mention of one of the guest's peculiarities. Planting himself directly in front of his unhappy elder he sweetly inquired: "Which is your glass eye, Mr. Blankton? The one that moves, or the one that stands still?"

His Natural Good Sense.

Exasperated Prosecutor (addressing stupid defendant in a law suit)—Man alive! I should think you could see for yourself that you're a born idiot. I should think your natural good sense would tell you!—Fitzgerald Blaetter.

Country's Neglected Opportunity.
Spain contains 11,597,048 acres of unproductive land.

COMES QUICKLY

Don't Have to Wait For Weeks. A Charleroi Illustration.

Waiting is discouraging. Prompt action pleases everybody. A burden on the back is a heavy weight.

Hard to bear day after day. Lifting weight, removing the burden.

Brings appreciating responses. Charleroi people tell of it. Tell of relief that's quick and sure. Here is a case of it.

Mrs. George Ewing, 913 Shady avenue, Charleroi says: "Doan's Kidney Pills have been used in our family with the best results. We procured our supply at Piper Bros' Drug Store and it did not take this remedy long to dispose of kidney trouble. I advise anyone troubled by disordered kidneys to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and

Only a Few Days Remain to Reap the Benefits of This Big July Clearance Sale

Monday evening ends the Big Cleanup. Have you been one of the lucky purchasers during these reductions? If not, don't you think you'd better at least come in and see these remarkable reductions. We know you'll buy, for every department has something or other that will be sure to take your fancy, and at a price you can't well afford to miss.

CHRISTIANS BEAT BAPTISTS IN FINE BASEBALL CONTEST

Kiefer and Donahue Fight it Out From the Slab for Respective Teams

SHORTEST GAME THUS FAR

In a red-hot pitcher's battle between Kiefer and Donahue, the shortest game of the season went to the Christians by the score of 2 to 0, over the Baptists Tuesday night.

Neither of the runs were earned. Both teams were extremely neglectful in their hitting, and only three hits in the aggregate were secured by both teams.

Charleroi Church League

gulled a two bagger and went third on a passed ball. Unfortunately for the Baptist cause the next two men went out. In the seventh with one down McGowan was safe on Furrier's error, and went second and third on successive passed balls. Paxton struck out and Donahue got a walk. Thereupon Adams hit one to second that looked good but Heffran there in time to scoop the ground— and the second chance to score.

| Total | 0 | 1 | 21 | 9 | 4 |

McGowan, who started the season with the Christians then went to the First Presbyterians was on first for the Baptists. That was former-ly his regular job and he quite well considering.

Kiefer pitched exceedingly well for the Christians, but at that he didn't have anything on Donahue. The Christians got two hits, one a scratch to short. The Baptists got one hit but it meant the same number of bases for them that the Christians two did for them.

A shift was noticeable in the Baptist lineup. Lindsay was on third, Scheiler on short and Paxton on second. Scheiler started second and Paxton short, then changed.

Capt. Mason had his team working fine. He caught a great game. Heffran is becoming a very valuable man to have on short stop and he is convenient to have at bat when there is a man on base.

"Team work" is the slogan of the Lutherans and that is what wins the games.

Coach Mason says that had Charles "Sunny" Mason been on firstbase

BASEBALL BINGLES

Nutt, the star left fielder of the Baptists, who takes some pride in the fact that he is the youngest player in the Church league, made about the prettiest catch of a hard one that has been seen hereabouts for some time. That was of Kiefer's drive in the sixth. As soon as it left on its way to left field Nutt turned and ran back. He sprinted for all he was worth and as the horsehide was about due to drop glanced over his shoulder then made a leap into the air and grabbed the sizzler. He was roundly applauded for the feat.

If it hadn't been for a couple of errors the Christians and Baptists might have been playing yet with neither team having a score.

McGowan, who started the season with the Christians then went to the First Presbyterians was on first for the Baptists. That was former-ly his regular job and he quite well considering.

Kiefer pitched exceedingly well for the Christians, but at that he didn't have anything on Donahue.

Heffran is becoming a very valuable man to have on short stop and he is convenient to have at bat when there is a man on base.

"Team work" is the slogan of the Lutherans and that is what wins the games.

Coach Mason says that had Charles "Sunny" Mason been on firstbase

and Sharkey left field the Catholics in Monday's game would have scored only one run.

The absence of First Baseman "Sunny" Mason was severely felt by the Lutherans in Monday's game. He has accepted a position with H. J. Heinz Co., at Laporte, Indiana, and leaves for there next week "Sunny" will be in the Lutheran's lineup against the Episcopalians.

Ralph Miller has been pitching the finest ball in the Church League.

With only one pitcher and only a fair hitting team it is "head work" and base running that wins for the Lutherans.

An Address, He Thought. "Ere 'e brings 'ome a 'ole boxful of crockery for the missus, an' writes out a label marked 'China' an' puts it on the box for safety, an' bust me jibboom if a bloomin' porter ain't gone and sent it off there!"—The Tatler.
